

Wisefish Insights BI Reports will transform your business

Built on Microsoft Dynamics 365 Business Central

Your data, anytime, anywhere

Wisefish Power BI is a powerful business intelligence tool that can help organizations make better decisions based on their own data. Our solutions focus on financial and stock-related data and it is built on the Microsoft Power BI platform, which generates insightful reports and visualizations.

You can easily analyze and present financial and stock data, allowing users to quickly identify trends, patterns, and outliers.

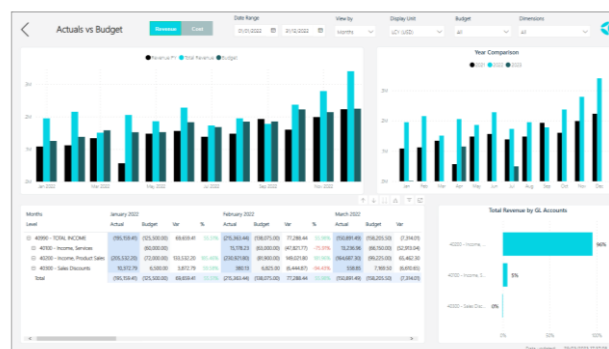

Wisefish Power BI's interactive dashboards and reports enable users to drill down into data and perform ad-hoc analysis and gain a deeper understanding of their business.

Power BI is a powerful business intelligence tool that can help organizations make data-driven decisions.

By leveraging the power of Power BI, Wisefish users can make more informed decisions, optimize their financial and stock-related activities, and ultimately achieve better business outcomes.

Key features of our Power BI solution
